TTC Priority Streetcar Track Repair On Spadina at Dundas Street West and at King Street West Weekend of December 3, 2011

510 SPADINA and 505 DUNDAS Streetcar Routes

Starting at 7:00 a.m. on Saturday, December 3 through to 4:30 a.m. on Monday, December 5, 2011, TTC track staff will be carrying out priority repairs to various sections of the streetcar track on Spadina Avenue at the Dundas Street West intersection, and on the streetcar right-of-way south of King Street West.

Traffic Restrictions

Traffic will be reduced to a minimum of one lane in all directions through the Spadina/Dundas intersection. Some turning restrictions at the intersection may apply. A Toronto Police officer will be on-site to assist with traffic movement.

Work Hours

Excavation work to expose rail will be conducted during the daytime hours. However, in order to complete the repairs in the shortest possible time and ensure that streetcar service can resume in this area on Monday morning some night work will be required. While efforts will be made to keep noise level to a minimum, noise will be evident when some equipment is in full operation.

Transit Service Changes

During this weekend period, streetcars on the 510 SPADINA and 505 DUNDAS routes will be diverted to accommodate this work. (See map below)

- **510 Spadina Streetcar Route:** Streetcars will be diverted to Bathurst Station; operating from Union Station both ways via: Queens Quay West and Bathurst Street.
- **510 Temporary Bus Replacement Service:** will be provided on Spadina Avenue (curb lane operation) between Spadina Station and Queens Quay (Spadina/Queens Quay loop). Customers will require TTC paper transfer to transfer between the buses and streetcars.
- **505 Dundas Streetcar Route:** Streetcars will be diverted both ways via: Dundas Street West, McCaul Street, College Street, Bathurst Street and Dundas Street West to route.
- **505 Temporary Bus Replacement Service:** will be provided on Dundas Street West between University Avenue and Ossington Avenue (buses will operate to and from Ossington Station).

For up-to-date and further routing details, please contact the **TTC Information Line at (416) 393-4636** or www.ttc.ca.

TTY Hearing Impaired Service (416) 481-2523; (Daily, 8:00 a.m. to 6:00 p.m., closed holidays)

We regret any inconvenience that may be caused as a result of this priority track repair work.
